SANITAIRES
LÉPINE INC.

The bathroom cleaner **VL03** from Lépine's "VERT" series can be used with confidence to carry out daily maintenance in bathrooms. Its effectiveness is without compromise even though its composition is safer for the user and the environment. The bathroom cleaner **VL03** is EcoLogo® certified Hard Surface Cleaners UL 2759.

PHYSICAL DATA

APPEARANCE: Green liquid

ODOUR: Lemon

pH: 3,4 ± 0,4

FLAMMABILITY: No

FOAM: Medium

STABILITY: Yes

BIODEGRADABILITY: Yes*

TOXICITY: Weak

STRONG ACID: None

BUTYL, PHOSPHATES: None

VISCOSITY: 55 cps**

SOLUBILITY: Complete

* The ingredients which enter the composition of this product are readily biodegradable in accordance with OECD 301 standard.

** Brookfield viscometer at 20°C, spindle #1, RPM 100

USE

The bathroom cleaner **VL03** cleans efficiently many surfaces such as toilet bowls, urinals, sinks, countertops, showers, ceramic, porcelain, faucets, etc. It can be used everywhere environment and user safety are priorities!

DIRECTIONS

Prepare a solution with the chosen dilution (if required), with cold tap water.

Dilution	Ratio	Per Litre	Per gal.
Light duty	1 : 32	30 mL	5 oz
Regular duty*	1 : 16	60 mL	10 oz
Toilet bowl, urinal	Pure	-	-

* This dilution meets EcoLogo® cleaning efficiency requirements.

Packaging is fully recyclable where permitted.

ADVANTAGES

The regular use of this product instead of traditional strong acids based cleaners prevents mineral and rust buildups.

READILY BIODEGRADABLE: reduces to a minimum the impact on the environment.

SAFE: strong acid free, not corrosive, non flammable and not toxic.

ECONOMIC: high concentration makes sure a lot of cleaning can be done.

VERSATILE: can be used for regular surface cleaning as well as maintenance of public urinals and toilets.

PRECAUTIONS

Avoid any contact with eyes. Do not swallow. Keep away from the children.

Store in a cool area container tightly closed.
