Dear Ms. Provencher:

This is further to our letter of May 30, 2016 with reference to your email of March 17, 2016 requesting our comments on the acceptability of the subject product for use in food packaging applications.

The subject glove is intended for use with all types of food at temperatures below 40°C.

Based on the information provided, we can advise that we see no reason to object to the use of the subject product as proposed, provided it is technically suitable for the intended end-use.

Yours truly,

Aloys Muhawenimana, Ph.D.
