

### Section 1. Identification

**Product identifier :** ANTI-MOUSSE III

**Other means of identification :** Codes : 71756, 71763

**Recommended use and restrictions on use :** All purpose anti-foam

**Supplier identifier :** Les Produits Sanitaires Lépine inc.  
1105 Bersimis  
Chicoutimi, Qc  
G7K 1A4  
Phone : 418-545-0794  
[www.produitslepine.com](http://www.produitslepine.com)

**Emergency telephone number :** CANUTEC : +1-613-996-6666 or \*666 (cell phone) 24/7

### Section 2. Hazard identification

**Hazard classification of substance or mixture :** Not dangerous

**Label elements**

**Symbol(s) :** None

**Signal word :** None

**Hazard statement(s) :** None

**Precautionary statement(s)**

**Prevention :** Wash hand after handling.

**Response :** IF IN EYES: Rinse with plenty of water for a few minutes, lifting the eyelids occasionally. Remove contact lenses, if present and easy to do. If irritation persists or develops or extends, contact a physician.

**Storage :** Not applicable.

**Disposal :** Dispose of contents and container in accordance with local regulations.

### Section 3. Composition/information on ingredients

**Substance/material :** Mixture

Chemical name	Common name	% (w/w)	CAS number
None			

Based on current knowledge of the supplier and in the concentrations applicable, no other ingredients present are classified as hazardous to health or the environment, therefore would require reporting in this section. Occupational exposure limits, where available, are listed in section 8.

### Section 4. First-aid measures

**First-aid measures by route of exposure :**

**Eye contact :** Rinse with plenty of water for a few minutes, lifting the eyelids occasionally. Remove contact lenses, if present and easy to do. If irritation persists or develops or extends, contact a physician.

**Inhalation :** Remove person to fresh air. If symptoms persist, contact a doctor.

**Skin contact :** Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice.

**Ingestion :** Consult a doctor or poison center.

**Most important symptoms and effects (acute or delayed)**

**Potential acute health effects**

**Eye contact :** May cause eye irritation.

**Inhalation :** No important effects or critical dangers known.  
**Skin contact :** No important effects or critical dangers known.  
**Ingestion :** No important effects or critical dangers known.

### Signs/symptoms of overexposure

**Eye contact :** Adverse symptoms may include : pain, tearing, redness.  
**Inhalation :** No important effects or critical dangers known.  
**Skin contact :** No important effects or critical dangers known.  
**Ingestion :** No important effects or critical dangers known..

### Immediate medical attention and special treatment, if necessary

**Note to physician :** Symptomatic treatment required. Contact the poison treatment specialist immediately if large amounts have been ingested or inhaled.  
**Specific treatments :** No special treatment.  
**Protection of first responders :** See section 8.

See toxicological information (section 11)

## Section 5. Fire-fighting measures

### Extinguishing media

**Suitable extinguishing media :** Use an extinguishing agent suitable for the surrounding fire.  
**Unsuitable extinguishing media :** None known.

**Specific hazard arising from the hazardous product :** No specific risk of fire or explosion.

**Hazardous combustion products :** If heated to decomposition, may include and are not limited to carbon monoxide, carbon dioxide.

**Precautions for fire-fighters :** No special measures are required.

**Protective equipment for fire-fighters :** It is important that firefighters wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a positive pressure face shield.

## Section 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures :** Use appropriate personal protective equipment : protective clothing, gloves and eye protection (see Section 8)

**Methods and materials for containment and cleaning up :** Wipe or absorb with dry inert material and place in a proper container for waste elimination.

## Section 7. Handling and storage

### Precautions for safe handling

**Protective measures :** Put on appropriate personal protective equipment (see Section 8).

**Advice on general hygiene at work :** Refer to Section 8 for information on hygiene measures.

**Conditions for safe storage (including incompatible materials) :** Store in accordance with local regulations.

## Section 8. Exposure controls/Personal protection

### Control parameters

**Occupational exposure limits :** None

**Appropriate engineering controls :** No special ventilation required.

### Individual protection measures

<b>Hygiene measures :</b>	Observe good personal hygiene measure.
<b>Eye / face protection :</b>	Wear eye protection such as protective glasses.
<b>Skin protection :</b>	
<b>Hand protection :</b>	None required in normal use.
<b>Body protection :</b>	None required in normal use.
<b>Other skin protection :</b>	None required in normal use.
<b>Respiratory protection :</b>	None required in normal use.

### Section 9. Physical and chemical properties

<b>Appearance :</b>	White liquid
<b>Odour :</b>	Characteristic
<b>Odour threshold :</b>	Not available
<b>pH :</b>	7,4 ± 0,4
<b>Melting point/Freezing point :</b>	± 0 °C
<b>Initial boiling point :</b>	± 100 °C
<b>Flash point :</b>	Closed cup : >93,3°C (>199,9°F)
<b>Evaporation rate :</b>	Not available
<b>Flammability (solids and gases) :</b>	Not applicable
<b>Lower and upper flammability/explosive limit :</b>	Not available
<b>Vapour pressure :</b>	Not available
<b>Vapour density :</b>	Not available
<b>Relative density :</b>	1,00 ± 0,01g/ml
<b>Solubility :</b>	Easily soluble in the following materials : cold and hot water
<b>Partition coefficient n-octanol/water :</b>	Not available
<b>Auto-ignition temperature :</b>	Not available
<b>Decomposition temperature :</b>	Not available
<b>Viscosity :</b>	Not available

### Section 10. Stability and reactivity

<b>Reactivity :</b>	No specific test data to the reactivity available for this product or its ingredients.
<b>Chemical stability :</b>	The product is stable.
<b>Possibility of hazardous reactions :</b>	Under normal conditions of storage and use, hazardous reactions will not occur.
<b>Conditions to avoid :</b>	No specific data.
<b>Incompatible materials :</b>	None known.
<b>Hazardous decomposition products :</b>	Under normal conditions of storage and use, no hazardous decomposition products should appear.

### Section 11. Toxicological information

#### Information on toxicological effects

##### Toxicological data :

Name of product or ingredient	Result	Species	Dosage	Exposure	Observation
Not applicable					

<b>Sensitization :</b>	No data available
<b>Mutagenicity :</b>	No data available
<b>Carcinogenicity :</b>	No data available
<b>Toxicity to reproduction :</b>	No data available
<b>Teratogenicity :</b>	No data available
<b>Systemic toxicity for some target organs – single exposure :</b>	No data available
<b>Target organ toxicity – repeated exposure :</b>	No data available
<b><u>Route of exposure :</u></b>	Skin contact, eye contact, inhalation, ingestion.

### Potential acute health effects

<b>Eye contact :</b>	May cause eye irritation.
<b>Inhalation :</b>	No important effects or critical dangers known.
<b>Skin contact :</b>	No important effects or critical dangers known.
<b>Ingestion :</b>	No important effects or critical dangers known.

### Symptoms related to the physical, chemical and toxicological characteristics

<b>Eye contact :</b>	Adverse symptoms may include : pain, tearing, redness.
<b>Inhalation :</b>	No important effects or critical dangers known.
<b>Skin contact :</b>	No important effects or critical dangers known.
<b>Ingestion :</b>	No important effects or critical dangers known.

### Delayed and immediate effects, and chronic effects from short-term and long-term exposure

<b>Short-term exposure :</b>	No important effects or critical dangers known.
<b>Long-term exposure :</b>	No important effects or critical dangers known.
<b>Potential chronic health effects :</b>	No important effects or critical dangers known.

### Numerical value of toxicity

#### Acute toxicity estimates

Route of exposure	ATE value
Oral, rat	>5000 mg/kg

## Section 12. Ecological information

### Ecotoxicity :

Name	Results	Species	Exposure
Not available	Not available	Not available	Not available

<b>Persistence and degradability :</b>	Not available
<b>Bioaccumulative potential :</b>	Not available
<b>Mobility in soil :</b>	Not available
<b>Other adverse effects :</b>	Not available

## Section 13. Disposal considerations

<b>Disposal methods :</b>	It is important to minimize or avoid generation of waste wherever possible. Dispose of contents and container in accordance with all applicable local, state, and national regulations.
---------------------------	---

### Section 14. Transport information

<b>UN number :</b>	Not applicable
<b>UN proper shipping name :</b>	Not applicable
<b>Packing group :</b>	Not applicable
<b>Environmental hazards :</b>	Not applicable
<b>Special precautions :</b>	<u>Transport with local users</u> : Always transport in containers that are correct and secure. Ensure that persons transporting the product know what to do in case of accident or spillage.

### Section 15. Regulatory information

The product classification and SDS were developed in accordance with the HPR.

### Section 16. Other information

#### Procedure used to prepare the classification

Classification	Justification
Not dangerous	Calculation method

<b><u>Prepared on :</u></b>	2017-05-05
<b><u>Edition :</u></b>	01
<b><u>Prepared by :</u></b>	The research and development department of Produits Sanitaires Lépine inc.
<b><u>Legend of abbreviations :</u></b>	<p>ATE = Acute toxicity estimate            SDS = Safety Data Sheet            UN = United Nations            HPR = Hazardous Products Regulations            GHS = Globally Harmonized System of Classification and Labelling of Chemicals            TDG : Transportation of Dangerous Goods            CAS : Chemical Abstract Services            TWA : Time-Weighted Average            STEL : Short-Term Exposure Limit            IDLH : Immediately dangerous to life or health            LC : Lethal Concentration            LD : Lethal Dose            EC : Effective Concentration</p>

#### Notice to reader :

To the best of our knowledge, the information contained in this document is accurate. However, neither the above supplier nor any of its branches can assume any responsibility whatsoever with regard to the accuracy or completeness of the information contained in this document. It is the exclusive responsibility of the user to determine the approval of the materials. All materials may present unknown hazards and should be used with caution. Although certain hazards are described in this document, we can not guarantee that there are no other hazards.
